

# STEAM Muqablo 2025

## 17<sup>th</sup> February 2025

---

Dr. Saeeda Nadir Ali and Dr. Amtul Qayoom served as a judge for the Working Science Models Challenge at the STEAM Muqablo 2025 – Karachi Regional Round on February 17, 2025. The government school students amazed me with their well-presented and innovative projects, showcasing their understanding of green environment initiatives, urban infrastructure needs, transport solutions, water management challenges and more.
